

This retraction concerns the following article:

DOI: 10.1007/s00005-006-0019-x

„Modulation of apoptosis signaling for cancer therapy”, *Arch Immunol Ther Exp* **54**, 173-175 (2006) by Simone Fulda, Klaus-Michael Debatin.

A significant overlap (78%) occurs between the mentioned above article and the article entitled „Apoptosis in drug response”, *Current Pharmacogenomics* **1**, 9-16 (2003), by the same authors, who did not respond to our request for comments. The article is therefore retracted.
